INTRODUCTION

Metaverse / Mars / metaphysics, a collection of juggernauts in the form of NFTs. We're a dedicated team that wants to build something for the crypto community in general and the $SHOA token in particular.

Meet SHOA the NFT, our mascot and the brand-new governance token for $SHOA and the potential of the Metaverse (world, DeFi, NFT, Metaverse, Crypto, Gaming) has been creative.

However, $METARACA is more than just a "meme token", our mission is to bring the world of Metaverse to the community, particularly in one of the largest Metaverse projects, NeoTokyo.

The protocol that Metaverse uses is Binance Smart Chain (BSC), which is the most modern protocol capable of handling the transaction volume required for remaining extremely reliable. Furthermore, BSC transaction costs are much lower than those of Ethereum and Polygon.

We firmly believe that the Metaverse of $SHOA will burst in the future, and we hope that you will share the same vision.

There are currently over 200k $SHOA holders, we hope that through this project, $SHOA will quickly grow and become one of the most significant metaverse $DeFi, NFT or metaverse tokens.

Are you pumped? Let's get started.

VISION

MAKE $METAR THE NEXT $RACA

All big dreams begin with small steps. We're excited to be a part of the digital technology transformation, the emergence of the metaverse is being shaped by decentralized ideas. $RACA is exploring, but the starting point is the same as $METAR, we feel that the ambition of a general manager and leader is great respect and the continuity.

Keeping that in mind, we are constructing a comprehensive platform for $METARACA to provide the community with the tools and services they need to notify with ease. We are in contact with the "Mars" of NeoTokyo, whereas $METAR believes we should be as is ready for the future of Metaverse. We are hard to bring crypto closer to the community and make it more accessible. In the Metaverse ecosystem, you will find all of the tools you need to dive into the world of cryptocurrency.

MISSION

THE MORE CRYPTO ENTHUSIASTS THE BETTER, POWERFUL THE COMMUNITY

Many experts believe that blockchain will usher in the next great leap forward in the evolution of the Internet, the Metaverse, Web 3.0 and Web 3.0 are being developed. Cryptocurrency, on the opposite hand, has been a hot topic around the community because we see crypto's huge potential, which is demonstrated by the $RACA's success.

We all know how powerful $RACA evolution can be, so we want the community to learn more about it. As a result, $METARACA was designed to allow you to own $RACA without worrying about the market. Not only that, but we aim to make it as simple as possible for more people to enter the world of cryptocurrency. To hold this goal, we are building a platform that will make it easier to purchase, trading, and mining coins on the marketplace, making them our other marketplaces.

Metaforaca - start as a meme, grow as a team

METARACA PLATFORM

NFT MARKETPLACE

A place where you may find the most sought for in-demand NFTs available for purchase, as well as a marketplace for buying and selling NFTs from other collectors.

You'll have a chance to admire the unique collections from others and share your creations with the remainder of creative, and for able to sell the NFT characters you make.

Our goal is for you to have a good time while anything hard to ensure that Metaforaca marketplace features are both and possible on a regular basis to provide the best possible experience.

AMM

Own $METAR tokens as nearly as you can $METAR?? Well just a little simple clicks. We want to make things as simple as possible for our users, especially those who are not familiar with the world of cryptocurrency.

As a solution, we're using Pancake swap to create our own AMM, which will be a Dapp within the Metaforaca ecosystem. This eliminates the need to rely on a third party for swapping.

We're always dedicated to providing the most comfortable things to our users as it was to show our appreciation for further support and trust.

LAUNCHPAD

We believe that we can unit a big community because of we help others in doing so. As a result, we'll build a launchpad where $METAR/LAUNCHPAD - a platform that will assist people with ideas and products in raising funds for potential investors more efficiently and at scale. As our launchpad, you can also hunt for the most promising initiatives and projects to invest in early on.

Other ways there are to bring promising initiatives to our platform and the ones we aspire to be a dependable launchpad for your most cherished ideas.

CORE VALUES

TRUST

TRUST is paramount, not only in the cryptocurrency market. Recognizing this, we always strive to make users feel secure in terms of both technology and security. We have a team of skilled developers who are committed to building a community. Metaforaca has taken the initiative to "hire" a team of engineers specialized in Decentralized Finance (DeFi) technology solutions and audits, and we are currently approached in auditing the smart contracts using manual and automated tests.

Furthermore, the majority of $METARACA tokens are locked and locked in order to protect investors' interests.

TRANSPARENCY

Metaforaca is a decentralized cryptocurrency that is supported by its user base. We understand that transparency is critical to getting the community's trust, so we provide all of our data on a regular basis. This data includes, but is not limited to, general, developed, and accounting, data on marketing, staff, expenditure and more, etc.

We value the community and believe that for the project to succeed, everything must be built on the foundation of complete transparency.

In addition, we have a dedicated team that is responsible for managing transparency, and community are the other pillars of transparency values. With these pillars in place, Metaforaca is accelerating its growth and aiming to become one of the crypto universe's solutions.

CORE VALUES

LONGEVITY
